

**ALL-NEW 9' WIDTH**  
**PRO PLUS® HD**  
STRAIGHT BLADE PLOW

“

**MAKE SHORT(ER) WORK OUT OF ANY JOB.**

The PRO PLUS HD straight blade family from Western Products grows with the addition of the 9' blade option. Designed to make the most of Class 4 to 6 trucks, the PRO PLUS HD plows meet the demands of heavy-duty commercial and light-duty municipal snow plowing. A 9' width gives you all the performance while making it easier to transport from job to job.

MORE JOBS. **DONE FASTER.**

**Built for heavy-duty applications,** the PRO PLUS® HD straight blade plows are built for large parking lots and local streets. Thick steel, robust structural reinforcement, and full blade tripping ensures you can count on your PRO PLUS HD plow to perform when others are counting on you.

**PLOW BLADE CONSTRUCTION**

Built to withstand heavy-duty jobs, the 34" tall, 11-gauge powder-coated steel moldboard is constructed to tackle large parking lots and local streets. A high-carbon steel cutting edge reduces wear and extends blade life, ensuring a clean scrape with every pass.

**STRUCTURAL REINFORCEMENT**

Eight vertical ribs provide structural reinforcement to the plow, ensuring proper alignment and reducing stress on the overall plow assembly.

**RELIABLE HYDRAULICS**

Western Products manufactures its own hydraulic components to ensure the highest standards of quality and reliability. The design is optimized for harsh, winter use—enclosing sensitive components to protect them from the elements.

**TRIP PROTECTION**

Six heavy-duty coil springs protect your plow and truck by allowing the whole blade to trip when striking obstacles. Dual shock absorbers reduce jarring and soften the blade return when tripping occurs to extend the life of your truck and plow.

	PRO PLUS® HD Straight Blade Plows	
Blade Width	ALL-NEW 9' (2.74 m)	10' (3.05 m)
Moldboard Options	Steel	Steel
Blade Type	Straight Blade	Straight Blade
Vehicle Compatibility	Truck Class 5, 6, & 7	Truck Class 5, 6, & 7
Approximate Weight (without mount)	1,039 lb (471.3 kg)	1,076 lb (487.0 kg)
Plowing Width (full angle)	7'9" (2.36 m)	8'9" (2.67 m)
